

The Rednal Rag

REDNAL HILL INFANT SCHOOL
Number 20 – 8th February 2019

Thank you to everyone who supported the **CarFest** this week.

It was a fantastic way to launch Year One's project to design and make their own vehicles. The whole school enjoyed looking at and learning about the many different vehicles that descended on the playground on Monday morning. We were very fortunate to have several cars from the MG Owners Club, an original Mini and a 4X4 with a snow plough as well as a sports car and even a fire engine complete with firefighters.

The children's models will be exhibited, in school, on **Thursday 28th February from 3pm until 3.45pm** in the school hall. Year One children are looking forward to guiding parents around their "Model Rednal" as a finale to their work on our local area.

Presentation Power

Children have been working extremely hard to improve the presentation of their work as well as the content. The display in the Hall showcases the first seven children from a range of classes who have wowed us with how much they have improved and shows the 'before and after' results of hard work. The display recognises real improvement, such as making handwriting smaller and a regular size, as well as writing neatly on the line. Each classroom also has their own smaller version of the Presentation Power display. The children are very proud to be chosen and to receive a special certificate, book and pen from Mrs Drinkwater to say well done for the monster effort! Look out for new additions to the display.

Doors open 8.45am, School Day Ends 3.20pm

There have been lots of stories in the news this week about the importance of ensuring children have alternatives to ipads and laptops to play on and the benefits of sitting down as a family to share a meal and chat around the table. Look out for the **Reading Challenge leaflet** being sent home today—reading is a great way for families to reconnect and spend quality time together. The leaflet was designed and written by Mrs Summerfield's Reading Club children.

WHOLE SCHOOL TARGET - 96%
This week's attendance – 95%
We have **not** met our target this week.

We would be grateful for any donations of newspapers in school. The children will be making pots to plant seeds in. Each child will make a pot and grow their own micro greens in class for our salad bar at lunchtime. Please pass to your class teacher or the school office.

NAG ON THE RAG
Please ensure your child is in school every day, on time. Thank you to all the families who keep school informed of reasons for absence. High levels of attendance have been proven to improve children's learning and therefore life chances
