Number 28– 9th July 2021

Covid-19 and Self Isolation

We continue to feel the impact of positive cases in school, and the associated self-isolation periods. We look forward to welcoming Year One back on Tuesday 13th and Elm Class on Thursday 15th July. We feel for all the families who have had to adapt their lives to accommodate self-isolation and we wish all the children and adults who have tested positive a speedy recovery.

Forest School

Over the past two weeks every class has spent additional time in Forest School to mark the end of our school year. Children have enjoyed a campfire and toasting snacks such as marshmallows or toast and practised their skills using tools such as mallets to build structures, or maintain the site. These sessions have been a real opportunity for children to reconnect with nature, relax and absorb themselves in activities of their choice whilst enjoying the company of their friends.

We have been very proud of their wonderful behaviour and the enthusiasm they have brought to Forest School.

This Week's Congratulations go to:-

Reception

Ash Class – Aidan for super explanations about why things happen and how things work. You talked to us in detail about the different minibeasts at forest school and you always have a really good think about your ideas before sharing. **Jaxon** for being such a superstar during our forest school day. You were able to tell us about the different ways to keep ourselves safe whilst cooking our chocolate bread on the fire and really enjoyed talking to your friends about the day. Well done.

Oak Class - Freddie for using tools safely, sensibly and effectively when whittling in forest school. We were very proud of your behaviour and Isla for taking care when hunting bugs in forest school. **Isla** was careful when handling what she found before putting them back safely.

Elm Class - Lochlan and **Tristan** for putting 100% into our Forest School day. You both took part in all of the activities, producing lovely nature bracelets, birds nests and den building with your friends. It was a lovely day, so thank you.

Year One

Palm Class – Austin for your resilience when attempting to solve your maths during 'home learning'. You showed through determination you can surprise yourself. Well done. **Arabella** for your imaginative and creative way of combining your written facts about Italy and painting a selection of Italian food, during home learning week. Well done.

Hazel Class- Lumi you have worked hard with your home learning. We liked how you showed us your working out with your maths. You also had some lovely facts about France. Well done. **Caleb** you have tried really hard all week with your home learning. We were all impressed with your reading. You also showed us how you had lots of fun with your obstacle course.

Willow Class– Libby for showing us you were 'having a clever day' with your maths and being able to represent your working out when completing the challenge. Well done. **Holly** for your hard work with your town plan. We all loved your name! You used detail and even included a train station. It looks like you had lots of fun with your obstacle course too. Well done.

Year Two

Chestnut Class– Jacob for excellent concentration when making a friendship bracelet. You thought carefully about the colours for your friend.

Hawthorn Class– Charlie for a fantastic Sports Day. He was superb with the javelin and is a real team player. **Leah**, she was amazing at throwing onto the target, she plays fair and is a team player.

Sycamore Class– Grace for showing great resilience when we made our friendship bracelets earlier this week. She didn't find it easy to begin with but persevered, and without a fuss. **Esme** for coping well with change and generally getting on with classroom life, no matter what challenges arise. Thank you Esme, for adjusting to whatever happens. **Well done Everyone!**

HAPPY BIRTHDAY!

9th July 2021 to 15th July 2021

Bella in Little Acorns will be 4

Myla in Hazel will be 6

Erin and Kaceson-Drew in Oak will be 5

Emily in Chestnut will be 7
