

The Rednal Rag

REDNAL HILL INFANT SCHOOL
Number 17– 21st January 2022

Year One children at Rednal Hill Infant School held a **Carfest** in the school playground to support their learning on 'Where Do We Live?'.
A fantastic community effort resulted in an ambulance, a police van as well as several Austin Rover cars manufactured down the road at Longbridge, at what is now the MG Factory. The extremely loud racing car was very popular, as was a silent, electric car. The children were very excited to look at the different types of vehicles, and will be designing, making and evaluating their own moving vehicle over the next few weeks.

Donations of small boxes (smaller than cereal boxes) would be appreciated to support this building project!

Defibrillator in School

We now have our defibrillator which was bought from our sponsored walk fund raising last year. It has been installed in the foyer and is available for our school and the local community to use. Thank you again for all your support in raising the money which enabled us to purchase the defibrillator.
