Knowledge Prompts

Today your child will be bringing home the 'Knowledge Prompt' sheet for their current Enquiry theme (*see thumb-nails below*)

These sheets are packed with information about what your child is currently learning in areas such as History, Science and Geography and the connections that are made to the rest of the curriculum.

As a parent they are a useful way of joining in with your child's learning and providing a link between your child's experiences at home and the work they do in school. Pin them up somewhere visible and use them to start off conversations about learning – as the learning journey progresses you may be impressed with how much your child can tell you about a subject!
