Chestnut Class—Cody for writing an informative explanation about the water cycle. He selected word choices carefully to capture the reader. I really enjoyed reading his work. Thank you, Cody.

Hawthorn Class—Lochlan, for his amazing work on the iPad. He was able to use the paint programme to create some wonderful work. He worked, mixing his own colours for the background to make his underwater picture more detailed and give it added interest. He used different widths of paintbrush and added texture.
