School's Out Take an emotional health check

Head into the summer with a better understanding of your child's brain development and their emotional wellbeing as you support them into their next new phase.

FACT

Our brains develop most rapidly in childhood shaping our emotional health and wellbeing for the rest of our lives.

HERE FOR YOU

Online courses developed by clinical psychologists can help you to understand your child, read their behaviour and help them look after their emotional health.

inourplace.co.uk

Understanding your child online course has been paid for by Birmingham Children's Partnership, so you can access it completely free using the code **COMMUNITY**

Short courses on Understanding the impact of the pandemic on your child or teenager also included.

Thank you, Thank you, Thank you!

We raised an amazing £2212 at the Summer Fayre!

This is a fantastic team effort and the funds will be put to really good use by the school.

Thank you so much for all your support– from the whole staff team at RHIS.

It felt like a proper community event ... and the sun shone!

Parking– Please be respectful to our neighbours in the community. Several local residents have been inconvenienced by cars blocking their access to driveways. School drop off and collection are always busy so please allow sufficient time to park considerably.

This week's 'Congratulations' go to...
